

CALL FOR GRANT APPLICATIONS (AE2025-0229)

INESC TEC is now accepting grant applications to award 2 Research Grant (BI) within the scope of the within the IATriage4SU project with reference 2024.07400.IACDC, co-funded by Component 5 - Capitalization and Business Innovation, integrated in the Resilience Dimension of the Recovery and Resilience Plan within the scope of the Recovery and Resilience Mechanism (MRR) of the European Union (EU), framed in the Next Generation EU, for the period 2021 - 2026, measure RE-C05-i08.M04 - To support the launch of a programme of R&D projects geared towards the development and implementation of advanced cybersecurity, artificial intelligence and data science systems in public administration, as well as a scientific training programme, as part of the funding contract signed between the Recovering Portugal Mission Structure (EMRP) and the FCT - Fundacao para a Ciencia e a Tecnologia, I.P. (Portuguese Foundation for Science and Technology), as intermediary beneficiary.

1. GRANT DESCRIPTION

Type of grant: Research Grant (BI)

General scientific area: COMPUTER SCIENCE

Scientific subarea: Informatics

Area of Work: Computer Science; Informatics

Grant duration: 6 months 29 days, starting on 2025-07-03.

Scientific advisor: Frederico Branco

Workplace: INESC TEC, INESC TEC, Porto; UTAD, Vila Real, Portugal, Portugal

Maintenance stipend: € 1040.98, [according to the table of monthly maintenance stipend for FCT grants](#), paid via bank transfer. Grant holders may be awarded potential supplements, according to a quarterly evaluation process (Articles 19, 21 and 22 of the [Regulations for Grants of INESC TEC](#) and Annex II), up to a maximum limit of 50% of the monthly maintenance stipend.

INESC TEC supports costs with registration, enrolment or tuition fees, during the grant duration, under the terms established in the internal document: "[Payment of Tuition fees to grant holders](#)".

The grant holder will benefit from health insurance, supported by INESC TEC.

2. OBJECTIVES:

The main objective of the scholarship is to train a specialist in data science applied to the health field, with solid skills in predictive analysis, NLP and evaluation of clinical triage systems. The aim is for the scholarship holder to develop technical and analytical skills to transform clinical data into useful knowledge, contributing to the improvement of clinical decision-making processes, particularly in terms of hospital triage. The scholarship holder will also be encouraged to acquire experience in scientific communication.

3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

The acquisition and processing of clinical data, with a focus on cleaning, normalising and structuring it. The application of natural language processing (NLP) techniques, including recurrent neural networks, to analyse free text records and extract patterns.

Building predictive models using Python libraries.

Evaluating the performance of current screening using statistical metrics such as sensitivity, specificity, precision and acuity.

The production of clear and informative visualisations to support the interpretation of results.

Participating in the writing of scientific articles on the methods and results obtained.

4. REQUIRED PROFILE:

Admission requirements:

Computer science graduate

The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

Preference factors:

- Experience in Python programming.
- Experience in programming and natural language processing (NLP), neural networks or other machine learning techniques.
- Experience in data visualization.
- Fluency in written and spoken technical English.

Minimum requirements:

- Knowledge of Software Engineering;
- Knowledge of Data Science.

5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

Selection criteria and corresponding valuation: the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the [Regulations for Grants of INESC TEC](#), while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 50%), Scientific Publications (PC, 0%), Experience (EX, 30%) and Motivation Letter (CM, 20%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (80%) and EI (20%).

DISABILITY INCENTIVE

Candidates who present a degree of disability equal to or greater than 90% will benefit from an incentive (20) in the score of the CV Assessment.

Candidates who present a degree of disability equal to or greater than 60% and less than 90% will also benefit from an incentive (10) in the score of the CV Assessment.

Said score may, in these cases, exceed 100 points.

Candidates must demonstrate the degree of disability during the application, namely through the submission of the Multi-Purpose Medical Certificate of Disability, issued in accordance with Decree-Law no. 202/96, of October 23 - currently in effect.

Candidates must declare, in the application form, the type of disability used throughout the selection process, in order to proceed with the required adaptations.

The Selection Jury is composed of the following members:

President of the Jury: Frederico Branco

Full member: Emanuel Soares Peres Correia

Full member: João Paulo Fonseca da Costa Moura

Substitute member: Bruno Miguel Borges de Sousa Magalhães

Release of results and prior hearing: the results of the selection process, as well as the terms and procedures for prior hearing, will be released to the applicants by email, under the terms referred to in Article 13 of the Regulations for Studentships and Fellowships of INESC TEC.

6. FORMALISATION OF APPLICATIONS:

Application Documents:

1. Motivation letter;
2. Curriculum Vitae (must include the list of previous fellowships, their type, beginning and end dates, funding entities and host institutions);

3. Certificate or diploma degree;
4. Proof of enrollment in a degree awarding study cycle or in a non degree awarding Higher Education program.
 - The proof of enrollment may be presented just during the grant hiring stage.
5. Signed declaration stating the infringement of the grant holder's duties (article 14, no. 4)
6. Documental evidence to support the country of residence, residence permit or other legally equivalent document, in cases where the applicant is a foreigner or non-resident in Portugal - valid until the beginning of the grant.
7. Other supporting documents relevant to the final assessment.

Failure to deliver the required documents within the 90-day period after the date of the notice of the conditional awarding of the grant implies its cancellation.

Application period: From 2025-05-29 to 2025-06-16

Submission of applications: the application will be formalised by submitting the form available in the *Work With Us* section of INESC TEC website.

7. BINDING LEGISLATION AND REGULATION

The hiring process shall comply with the current legislation regarding the Research Grant Holder Statute, approved by Law no. 40/2004 of August 18, in its current wording, as well as by the [Regulations for Grants of INESC TEC](#) and for [FCT Grants Regulation in force](#).
