INESC TEC supports costs with registration, enrolment or tuition fees, during the grant duration, under the terms established in the internal document: "[Payment of Tuition fees to grant holders](#)".

The grant holder will benefit from health insurance, supported by INESC TEC.

### 2. OBJECTIVES:

Deepen the knowledge related to inverters for storage systems.

Integration of storage units with inverters and identification of the best remote communication options for the inverter, aiming for remote control of the storage system's charge and discharge power.

### 3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

Deepen knowledge of inverters for storage systems, lithium batteries, and remote communication, through a review of specialized technical literature.

Study the specific technical documentation related to the configuration and parameterization of the equipment.

Perform the assembly and testing of inverters, batteries, and the communication system;

Determine and implement remote communication with the inverter and establish the capacity for remote control of the system's charge and discharge power.

Gather relevant information and write the final report.

#### 4. REQUIRED PROFILE:

##### Admission requirements:

Student in the field of Electrical Engineering.

The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

##### Preference factors:

Knowledge of inverters for residential storage systems;

Knowledge of communication protocols and communication networks;

Fluency in English (spoken and written).

##### Minimum requirements:

Experience in electronics.

Knowledge of programming (Python and C++).

#### 5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

**Selection criteria and corresponding valuation:** the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the [Regulations for Grants of INESC TEC](#), while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 55%), Scientific Publications (PC, 10%), Experience (EX, 10%) and Motivation Letter (CM, 25%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (80%) and EI (20%).

#### DISABILITY INCENTIVE

Candidates who present a degree of disability equal to or greater than 90% will benefit from an incentive (20) in the score of the CV Assessment.

Candidates who present a degree of disability equal to or greater than 60% and less than 90% will also benefit from an incentive (10) in the score of the CV Assessment.

Said score may, in these cases, exceed 100 points.

Candidates must demonstrate the degree of disability during the application, namely through the submission of the Multi-Purpose Medical Certificate of Disability, issued in accordance with Decree-Law no. 202/96, of October 23 - currently in effect.

Candidates must declare, in the application form, the type of disability used throughout the selection process, in order to proceed with the required adaptations.
