INESC TEC supports costs with registration, enrolment or tuition fees, during the grant duration, under the terms established in the internal document: "[Payment of Tuition fees to grant holders](#)".

The grant holder will benefit from health insurance, supported by INESC TEC.

2. OBJECTIVES:

- Increase knowledge of the state of the art in reproducibility of processing pipelines;
- Identify and select the appropriate methods for recording and safely exploring reproducible processing;
- Develop research skills through the application of selected methods;
- Apply critical thinking to evaluate the research process and the results obtained.

3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

- Review of techniques and work related to catalogues for secure management of processing pipelines;
- Technological analysis, design, development and integration of proposed solutions for cataloguing, searching and describing processing pipelines;
- Validate the solution through empirical studies;
- Write the activity report.

4. REQUIRED PROFILE:

Admission requirements:

Student of the 3rd year of Degree or 1st year of the Master's Degree in Computer Engineering or related area
The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

Preference factors:

- Experience with NoSQL databases;
- Experience of API development libraries;
- Knowledge of technologies for running and developing services in containers, such as Docker.

Minimum requirements:

- Proven experience in software development using the Python programming language;
- Experience of developing web applications and REST APIs;
- Experience with relational databases;
- Experience of developing in remote environments and using version control tools.

5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

Selection criteria and corresponding valuation: the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the [Regulations for Grants of INESC TEC](#), while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 50%), Scientific Publications (PC, 0%), Experience (EX, 30%) and Motivation Letter (CM, 20%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (80%) and EI (20%).

DISABILITY INCENTIVE

Candidates who present a degree of disability equal to or greater than 90% will benefit from an incentive (20) in the score of the CV Assessment.

Candidates who present a degree of disability equal to or greater than 60% and less than 90% will also benefit from an incentive (10) in the score of the CV Assessment.

Said score may, in these cases, exceed 100 points.

Candidates must demonstrate the degree of disability during the application, namely through the submission of the Multi-Purpose Medical Certificate of Disability, issued in accordance with Decree-Law no. 202/96, of October 23 - currently in effect.

Candidates must declare, in the application form, the type of disability used throughout the selection process, in order to proceed with the required adaptations.

The Selection Jury is composed of the following members:

- President of the Jury: Hugo Paredes
- Full member: Fernando Cassola Marques
- Full member: Artur Rocha
- Substitute member: Filipe Figueiredo Correia

Release of results and prior hearing: the results of the selection process, as well as the terms and procedures for prior hearing, will be released to the applicants by email, under the terms referred to in Article 13 of the Regulations for Studentships and Fellowships of INESC TEC.
