

## CALL FOR GRANT APPLICATIONS (AE2024-0503)

INESC TEC is now accepting grant applications to award 1 Research Initiation Grant (BII) within the scope of the INESC TEC LA funded by National Funds through FCT - Portuguese Foundation for Science and Technology, I.P., project reference LA/P/0063/2020.

### 1. GRANT DESCRIPTION

**Type of grant:** Research Initiation Grant (BII)

**General scientific area:** ENGINEERING

**Scientific subarea:** Computer engineering

**Area of Work:** Underwater Robotics

**Grant duration:** 6 months, starting on 2025-01-06, with the possibility of being renewed for a maximum term of one year.

**Scientific advisor:** José Carlos Alves

**Workplace:** INESC TEC, Porto, Portugal

**Maintenance stipend:** € 601,12, [according to the table of monthly maintenance stipend for FCT grants](#), paid via bank transfer. Grant holders may be awarded potential supplements, according to a quarterly evaluation process (Articles 19, 21 and 22 of the [Regulations for Grants of INESC TEC](#) and Annex II), up to a maximum limit of 50% of the monthly maintenance stipend.

INESC TEC supports costs with registration, enrolment or tuition fees, during the grant duration, under the terms established in the internal document: "[Payment of Tuition fees to grant holders](#)".

The grant holder will benefit from health insurance, supported by INESC TEC.

### 2. OBJECTIVES:

- Collaborate in the development of an underwater acoustic communications system (M-FSK modem) using "software-defined radio" techniques and its implementation in electronic systems based on FPGA devices;
- Participate in experimental activities for testing, validation and characterization of the developed systems;
- Develop the capacity for research, analysis and design;
- Exercise a critical spirit in evaluating the research process and the results obtained.

### 3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

- Study ways of implementing digital filters and develop models in Matlab/Octave of a bank of digital filters and respective functional validation with synthetic and real data;
- Develop in digital hardware a bank of digital bandpass filters and other digital signal processing blocks, intended for a reconfigurable FPGA device integrated into an embedded computer;
- Develop software applications to support the developed system, namely the configuration/parameterization of the filter bank;
- Integrate the developed system with the remaining modem components and participate in its experimental validation.
- Write the scholarship activity report.

#### 4. REQUIRED PROFILE:

##### Admission requirements:

Bachelor's degree in electrical engineering and computers, or a related field.

The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

##### Preference factors:

- enrolled in a master's degree in electrical engineering and computers in the area of ■■electronics, digital systems and telecommunications;
- experience using scientific calculation tools (Matlab/Octave);
- knowledge of systems design for digital signal processing;
- knowledge of digital design techniques for FPGA devices using Verilog/VHDL and RTL synthesis;
- experience in using embedded computing systems.

##### Minimum requirements:

Bachelor's average degree higher than 14 points.

#### 5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

**Selection criteria and corresponding valuation:** the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the [Regulations for Grants of INESC TEC](#), while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 70%), Scientific Publications (PC, 0%), Experience (EX, 10%) and Motivation Letter (CM, 20%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (80%) and EI (20%).

#### DISABILITY INCENTIVE

Candidates who present a degree of disability equal to or greater than 90% will benefit from an incentive (20) in the score of the CV Assessment.

Candidates who present a degree of disability equal to or greater than 60% and less than 90% will also benefit from an incentive (10) in the score of the CV Assessment.

Said score may, in these cases, exceed 100 points.

Candidates must demonstrate the degree of disability during the application, namely through the submission of the Multi-Purpose Medical Certificate of Disability, issued in accordance with Decree-Law no. 202/96, of October 23 - currently in effect.

Candidates must declare, in the application form, the type of disability used throughout the selection process, in order to proceed with the required adaptations.

#### The Selection Jury is composed of the following members:

President of the Jury: José Carlos Alves

Full member: Marcos Martins

Full member: Bruno Miguel Ferreira

Substitute member: Nuno Miguel Abreu

**Release of results and prior hearing:** the results of the selection process, as well as the terms and procedures for prior hearing, will be released to the applicants by email, under the terms referred to in Article 13 of the Regulations for Studentships and Fellowships of INESC TEC.

#### 6. FORMALISATION OF APPLICATIONS:

##### Application Documents:

1. Motivation letter;
2. Curriculum Vitae (must include the list of previous fellowships, their type, beginning and end dates, funding entities and host institutions);

3. Certificate or diploma degree;
4. Proof of enrollment in a degree awarding study cycle or in a non degree awarding Higher Education program.
  - The proof of enrollment may be presented just during the grant hiring stage.
5. Signed declaration stating not having benefited from any other research fellowship (Article 5, no. 5)
6. Documental evidence to support the country of residence, residence permit or other legally equivalent document, in cases where the applicant is a foreigner or non-resident in Portugal - valid until the beginning of the grant.
7. Other supporting documents relevant to the final assessment.

Failure to deliver the required documents within the 90-day period after the date of the notice of the conditional awarding of the grant implies its cancellation.

**Application period:** From 2024-11-21 to 2024-12-04

**Submission of applications:** the application will be formalised by submitting the form available in the *Work With Us* section of INESC TEC website.

## 7. BINDING LEGISLATION AND REGULATION

The hiring process shall comply with the current legislation regarding the Research Grant Holder Statute, approved by Law no. 40/2004 of August 18, in its current wording, as well as by the [Regulations for Grants of INESC TEC](#) and for [FCT Grants Regulation in force](#).

For more information, please check the [Regulations for Grants of INESC TEC](#) and relevant annexes at [www.inesctec.pt/bolsas](http://www.inesctec.pt/bolsas)
