The grant holder will benefit from health insurance, supported by INESC TEC.

2. OBJECTIVES:

Develop R&D activities in the work area.

3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

The work consists of the development of a new application for the management of consents in the medical field, including consents for the execution of medical interventions and consents for access to personal data. The system will have a backend component and a frontend component. In the course of this work, there will be contact with project partners in order to refine the current understanding of the needs and objectives of the software to be developed.

4. REQUIRED PROFILE:

Admission requirements:

Master's student in Computer Science and Engineering, or similar;
The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

Preference factors:

- Excellent performance in the curricular units of software design and testing, software engineering, programming, and large-scale software development.
- Experience in JavaScript-based software development (ES6, ReactJS, Typescript).
- Experience in frontend development of Web applications.

Minimum requirements:

- Degree in Computer Science and Engineering, or similar, with an average greater than or equal to 16 points;
- Availability of public GitHub/GitLab with main projects developed.

5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

Selection criteria and corresponding valuation: the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the [Regulations for Grants of INESC TEC](#), while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 50%), Scientific Publications (PC, 0%), Experience (EX, 20%) and Motivation Letter (CM, 30%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (80%) and EI (20%).

DISABILITY INCENTIVE

Candidates who present a degree of disability equal to or greater than 90% will benefit from an incentive (20) in the score of the CV Assessment.

Candidates who present a degree of disability equal to or greater than 60% and less than 90% will also benefit from an incentive (10) in the score of the CV Assessment.

Said score may, in these cases, exceed 100 points.

Candidates must demonstrate the degree of disability during the application, namely through the submission of the Multi-Purpose Medical Certificate of Disability, issued in accordance with Decree-Law no. 202/96, of October 23 - currently in effect.

Candidates must declare, in the application form, the type of disability used throughout the selection process, in order to proceed with the required adaptations.

The Selection Jury is composed of the following members:

- President of the Jury: Filipe Figueiredo Correia
- Full member: Artur Rocha
- Full member: Ademar Aguiar
- Substitute member: Hugo Paredes

Release of results and prior hearing: the results of the selection process, as well as the terms and procedures for prior hearing, will be released to the applicants by email, under the terms referred to in Article 13 of the Regulations for Studentships and Fellowships of INESC TEC.
